CANDIDATE DAVIS MAKES SPEECH

Vice Presidential Candidate Delivers Address at Wheeling.

TOWNE ALSO TALKED

Former Minnesota Senator Asserts That Were Lincoln Living at This Time He Would Be a Democrat.

Wheeling, W. Va., Sept. 23.—Henry Cassaway Davis, Democratic vice presidential candidate, spoke to a large gathering of people in the political wigwam Thursday. It was an enthusiastic opening of the campaign in Wheeling. It was after a short parade from the Windsor hotel to the wigwam, led by Mr. Davis, that the vice presidential candidate stepped on the platform amid deafening applause. The candidate spoke clearly and distinctly and held audience admirably. Chairman Russell then introduced Former Senator Charles A. Towne of New York, who spoke for more than an hour. He gave assurance of the situation in New York state coming from the Saratoga convention. He said that the harmony and enthusiasm there was evidence of the coming success of the party. "Democracy is throbbing with one impulse to redeem the country," he took the audience by storm by saying that if Abraham Lincoln was living today he would be a Democrat; Democratic principles were those of Mr. Lincoln.

Mr. Davis announced that it was not his intention to make many speeches while on his tour over the country campaigning. "I am not much of a speech-maker and rather dislike the task," said Mr. Davis. "My intention is to get around among the people and meet them with as little public speech-making as possible. We have with us here former Senator Charles A. Towne of New York, who is one of the most able orators I know of. He will do the public meeting talking and it will be my aim to meet as many voters personally as is possible. I am making more friends in that way than by getting up before an audience and making a speech."

It was announced at the Democratic headquarters that Senator Bailey of Texas, who is making a tour of the country, would spend some time in West Virginia. The date for his arrival has not yet been set, but his first appearance will be at Harper's Ferry, and he will follow along the Baltimore and Ohio until he reaches Wheeling, making many stops and speaking at many meetings.

Paris Presbytery.

The Presbytery of Paris will convene tonight in the Presbyterian church at 8 o'clock. The Presbytery is composed of some 20 counties and has 52 churches, 20 ministers and 119 elders. The Presbytery was to have met in Waskom, but owing to sickness there the place was changed to Marshall. Some of the ministers have already arrived and others are coming in on every train. The present indication is however that there will be a small attendance. The opening sermon will be preached tonight at 8 o'clock by Rev. D. Taylor of New Boston, the retiring moderator, when the Presbytery will be organized and a new moderator elected. The Presbytery will be in session tomorrow, tomorrow night and until Monday. All the people are invited to attend any of its sessions.

COAL REPORTED ABOUT RUN OUT

It is Believed Port Arthur's Supply is Exhausted

MUCH FUEL BURNED.

Water Condensing Plant in Constant Operation—As This Shuts Down Contents of Impure Wells to Be Utilized.

Teingtau, Sept. 23.—Several colliers have arrived here within the last ten days. It is believed their cargoes are intended for Port Arthur. The British collier Foxton Hall has transferred her cargo of Cardiff coal to the German steamer Ericka, which the local authorities will not allow to leave until given assurance that no attempt will be made to enter Port Arthur harbor. The Ericka sailed at daylight and Japan is given as her destination, but it is believed she will ultimately make for Port Arthur, where the Russians are offering stupendous inducements for the delivery of coal.

S. Davidson, an American merchant who had a Russian coal contract and was ordered to leave Port Arthur Feb. 15 last, is now at Teingtau. He tells an Associated Press correspondent that when he left there was less than 200,000 tons of coal on hand. On account of Russian warships having been compelled to keep up full steam day and night for nearly eight months and the enormous quantity of fuel required for the water condensing plant there must be a coal famine there now unless more coal has arrived. The Japanese have since cut off the water supply and the garrison has to depend entirely upon the condenser. If a coal famine prevails the town must be getting impure water from wells. The water has to be served to the sick and wounded useless.

Admiral Metozvitch has recovered sufficiently to leave the hospital and other wounded Russians here are convalescing. A majority of the officers of the Russian battleship Csarevitch and three torpedo boat destroyers dismantled here left their ships and are living at hotels.

Loops the Loop.

Don Juan who has been surnamed the monkey-daredevil, is one of the most sensational animal actors ever seen under canvas. Don Juan makes a daring, devilish almost incomprehensible midair evolution down an incline and around a centrifugal loop at each performance of the Gentry Bros.' shows which are coming to Marshall Wednesday, September 28, afternoon and evening. Swift as a meteor the monkey artist dashes down a precipitous incline, attaining a frightful momentum from his fearful descent. While laughing death to scorn Don Juan rides rapidly and safely into the arms of his waiting attendant. This is an heroic feat—a perilous innovation in breath-taking acts, so fraught with awful consequences as to appal imitators. This is but one of the many new animal acts to be seen with the new Gentry show this year. The parade leaves the show grounds at 10 o'clock, traversing the principal thoroughfares. Performances start at 2 and 8 p. m., with doors open one hour earlier.

Heavy Fines Assessed.

Memphis, Sept. 23.—A special to the Commercial-Appeal from Gallatin, Tenn., says the jury in the Standard Oil company case, charged with violating anti-trust law of this state, acquitted Agent Rutherford. Agent Holt was fined \$8000 and the company \$5000.

Riggins Acquitted.

Huntsville, Ala., Sept. 23.—Thomas M. Riggins was acquitted of the charge of murder in the first degree in connection with the lynching of Horace Maples. The case made out by the prosecution in the trial was weak and there was no convincing evidence connecting the defendant with the mob.

Respite Thirty Days.

New Orleans, Sept. 23.—Charles Foley, a white man, who was to have been hanged Friday, for the murder of Richard Flynn, has been respite for thirty days.

Regular meals and a la carte at Herndon's Cafe, corner Grand avenue and Bolivar street.

SALE ORDERED.

Judge Levy Ordered the Texas Southern Railroad Sold December 6.

Judge Levy has ordered the Texas Southern Railroad, now in the hands of the receiver, sold at the court house in this city on December 6, 1904. P. M. Young has been appointed commissioner to make the sale and the lowest bid that will be received is \$500,000. The classifications of claims are nearly all made, but the number that are not acted upon will be classified at the next term of court before the distribution of the funds for the sale of the road. Mr. Gossett and several other attorneys present said that this was the first receivership within their experience or information that was wound up in business matters and ordered sold at the first term of court at which a receiver was appointed and is a record breaker in that line.

Special Services.

Rally Day Concert will be given by the Sunday school of the First Methodist Episcopal church Sunday evening at 7:30. The pastor will preach a special Rally Day Sermon in the morning at 11, subject: "The Crusade of Twentieth Century." The public are invited to all these services. Frank R. Fitch, Pastor.

VERY ILL.

Wife of Viceroy of India is in a Serious Condition.

LADY CURZON.

wife of the viceroy of India, says her ladyship's condition is serious. It was stated Wednesday that Lady Curzon was indisposed, but her illness gave no immediate cause for anxiety. It has become known that the condition of Lady Curzon is now most critical. She is suffering from complications consequent upon her confinement, from which she has never quite recovered. Lady Curzon gave birth to a daughter in London, March 20 last.

CAMPAIGN BOOK.

That Compiled For the Democrats Has Been Completed.

New York, Sept. 23.—Democratic campaign text book has been completed. It makes a volume of 314 pages, discusses issues of the 1904 parties and reprints a number of speeches by leading Democrats. By way of emphasizing the issue of constitutionality opposed to imperialism the campaign book contains as a preface a full text of the constitution of the United States. The place of next importance is accorded the tariff and trusts. Sixty of the 314 pages are devoted to this discussion.

OKU'S REPORT.

Deals With Operations Preceding the Capture of Liao Yang.

Tokio, Sept. 23.—General Oku has written an extended report of operations preceding the capture of Liao Yang, and in conclusion expressed the opinion that General Kuropatkin had determined to hold Liao Yang, his plan being to first attack and defeat General Kuroki and then assail the Japanese Center and Left armies. Oku declares the stubborn resistance of the Russians at Liao Yang proves their retreat was not pre-arranged.

Boat Turned Over.

Port Arthur, Ont., Sept. 23.—Robert Smith, Thomas Williams and Harry Shelly, engaged by the United States fish commission in getting trout spawn, were drowned in Moffat's straits by the overturning of their sailboat.

ENGINE HAD ACCIDENT.

President and Family Delayed on Tahir Way to Washington.

Washington, Sept. 23.—President Roosevelt and party arrived here over the Pennsylvania road from Oyster Bay at 6:52 o'clock Thursday evening. The president was delayed thirty-six minutes by an accident to the rear drive wheel of the locomotive as it entered the tunnel at Baltimore. This engine was immediately detached and another was procured to pull the train to Washington. The accident caused no damage to the train.

Fortunately the train was proceeding at a very slow rate of speed when the accident occurred or the result might have been much more serious.

The engine had been attached to the train just before leaving Philadelphia and had been thoroughly tested and found to be in first-class condition.

The accident, railway officials say, is one of those which will happen in spite of every precaution. The president and his party took the matter very coolly and did not manifest any alarm. This accident is said to be the first which has happened to a train on which President Roosevelt has traveled during his administration. The president was given a cordial welcome home by a large crowd of people as he came through the train shed and walked to the street where his carriage was waiting. The crowd lined both sides of Sixth street for a long time before the train arrived and when he made his appearance was enthusiastically cheered.

In company with Mrs. Roosevelt and three of his children he was immediately driven to the white house.

The beef trust may be responsible for the dietary idiosyncrasy of that New York man who has taken to eating grass.

There is even betting in New York that Parker will carry the Empire state. That's something in the straw line and beats a straw vote.

Sworn to put an end to the existence of gangs of street hoodlums, lawless organizations of foreigners, stop the carrying of concealed weapons, and to protect women from insult and annoyance by rowdies, seventy-four business men of Brooklyn, New York,

have been incorporated as the Citizens' Protective League of law and order. The incorporators propose to encourage men of intelligence and standing to join the league and not to open the way to membership to everybody who may wish to enjoin. Sheriff Hesterberg of Kings county has appointed the members deputy sheriffs, and steps may be taken to secure special police powers for members of the organization. Special details will be employed to work among the great crowds which surge to the Brooklyn bridge during the rush hours of morning and evening.

PARKER IS NO IMITATION.

Congressman W. Bourke Cockran, in an address at Bar Harbor on September 6th, said among other things:

"There are extraordinary features in this canvass. A party, after eight years in power, does not assert that superior stewardship has been of value, but that change would matter but little. Editorials and speeches of the republicans seek to show that the difference between the parties is so slight that one is but a paraphrase of the other. But we democrats think the platforms are not alike, but that they are the very opposite, and wide as are the differences of the parties wider still is the difference between the candidates.

"Never in the history of political parties has there ever been a spectacle like this. Here we have one party asserting that the other party has the very type of man for the presidency. If imitation is the sincerest form of flattery, the democrats may feel highly flattered. But if we believe that Parker is the man, let us take the original at Esopus rather than the imitation dressed up for the occasion at Oyster Bay."

One thing we cannot help admiring about Teddy is that he stays with his mendacious bluff to the last chip, with a jaunty and cocky air that in itself carries conviction with it. He is the greatest political card the republican party has ever produced.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as a Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TAGGART PLEASED.

Chairman Says That Illinois Is Excellent Debatable Grounds.

New York, Sept. 23.—Chairman Taggart of the national Democratic committee says he is perfectly satisfied with conditions in Indiana and Illinois. "I have not seen Indiana in better shape since 1892 than I found it last week," he said. "Neither Democratic party nor the Republicans have become very enthusiastic in Indiana up to the present time. Both sides have been organized and I feel very much gratified at the condition of the Democratic leaders in the state, including every county chairman. Every faction was represented and most perfect harmony is revealed."

"On Sunday I went to French Lick Springs, where I met other prominent Democrats from Indiana and delegations from neighboring states, including Kentucky, Ohio and Missouri." "At Chicago I met every county chairman, the full Cook county delegation, every Democratic candidate for congress and a large number of Democrats from various parts of the state. "From reports received I am positive that Illinois is excellent debatable ground."

"I also met a delegation from Missouri, who are much pleased with the outlook in that state. The split in the Republican party in Wisconsin grows daily and no matter what the supreme court decides, it is now too late for the two factions to harmonize. Naturally the Democrats will get the benefit of this condition of affairs, and we hope to carry the state."

SUDDENLY ENDED.

Eastland Discharged and Almost Carried Away.

Memphis, Sept. 23.—A special to the Commercial-Appel from Indianapolis, Miss. says: The trial of A. C. Eastland for the murder of Luther Holbert and wife by causing them to be burned at the stake was suddenly ended, when, after the evidence was all in, Senator McLaurin made a motion for peremptory instructions to the jury for the discharge of the prisoner on the ground that not a scintilla of evidence tending to prove that Eastland had been in any way a party to the lynching or had in any way aided or abetted the burning had been introduced.

District Attorney Nell arose and said that in view of the failure of the witnesses to connect Mr. Eastland with the lynching he would ask the court to grant Senator McLaurin's motion. The judge thereupon discharged Mr. Eastland, and a storm of applause broke out from the vast crowd, which was promptly checked by the judge. Mr. Eastland was almost carried bodily from the courthouse.

MELROSE HORROR.

Authorities Endeavoring to Secure Information About Explosion.

Melrose, Mass., Sept. 23.—The authorities of the state and city have started an inquiry into the explosion on the Boston and Northern Street railway here Wednesday evening when an electric car bound from Boston to this city was blown up by dynamite and nine persons killed and forty injured. Of the injured several are in a critical condition and may die. The complete list of dead as positively identified is: Malcome McClellan of Melrose Highlands, W. B. Hanes of Melrose, Mrs. E. B. Haynes, wife; Marion, daughter of Mr. and Mrs. Haynes; Mrs. Ada Crouch of Stoneham, Miss. Louis E. Treackles of Malden, Dr. Fred D. Marshall, E. A. Stowe of South Boston, Winfield Rowe of Saugus, the motorman.

The most seriously injured are almost completely deaf as a result of the concussion when the car struck the dynamite.

Roy Fenton, driver of the express wagon from which the box of dynamite fell on the track, was detained at Melrose police station Thursday pending an investigation by the authorities. The dynamite slipped from the wagon without the knowledge of the driver and he was on his way back from the stable to recover it when the explosion occurred.

Changed Meeting Place.

San Francisco, Sept. 23.—The sovereign grand lodge of Odd Fellows has reconsidered its action designating Washington as the place of meeting for next year's session. By unanimous vote Philadelphia was selected instead of Washington. Many reasons were assigned for the change. One was that Washington, with a population of 278,000 and only 1660 Odd Fellows in the District of Columbia, had not a large enough membership to justify the governing body in deciding to be its guests with the necessary expenses attached to entertaining so many visitors.

Three Men Lost Their Lives.

Siloam Springs, Ark., Sept. 23.—A special to the Daily Republican from Grove, I. T., says: A fatal accident occurred three miles west of here in which three men were killed outright, three fatally and four seriously injured by the falling of a scaffold work on a bridge. Secretaryship Abolished.

St. Louis, Sept. 23.—The board of 155 managers of the Louisiana Purchase exposition, at a called meeting, has abolished the office of secretary. It is stated that the action was taken as the result of friction that is said to have existed between the incumbent and persons connected with the board of lady managers.

Fort Worth was reported in good condition. The street car strike was the only difficulty reported by Houston. Denison was reported a "closed shop." Pleasant relations between employe and employe was what Galveston's delegates said. Trades unionism was reported flourishing at Beaumont.

It was decided to raise the per capita to 1 1/2 cents, subject to referendum vote of unions.

Fort Worth Physician Says He Was Not Robbed at St. Louis.

Fort Worth, Sept. 23.—Dr. E. D. Capps of this city denies that he was robbed of \$1000 in cash and valuable jewelry at St. Louis on a street car. Lieutenant Patrick McKenna, commanding the Central police district of St. Louis, says:

"E. D. Capps of Fort Worth, Tex., stated to me on Sunday, Sept. 18, that he had been robbed of two pocket books and a diamond stick pin while a passenger on an Olive street car, a short time before. The pocket books, he stated, contained \$600 and the stick pin, which he had hidden for safety. He carried the pocket-books in an inside pocket of his coat. He offered me \$50 reward for the recovery of the stolen stuff. He came to this station in company with Officer Roberts, to whom he made the first complaint. He said he could not stay to prosecute, but left his address in case we recovered the stuff."

MUSKETEER'S SMOKER.

Delightful Affair Given at the Armory Last Monday Night in Honor of the Militia.

The smoker tendered the Musketeers at their armory Monday night by the citizens of Marshall proved to be one of the most enjoyable affairs of its kind ever given in Marshall.

To Mr. F. W. Taylor belongs the honor of successfully taking the first step in the right direction—if Marshall is to maintain an efficient military company. The ready compliance with demands for financial assistance is all right, but it does not go quite far enough. It does not reach the "well done, thou good and faithful servant" stage, and the maxim is based on one of the fundamental principles of human nature. There is no incentive to further effort like the pat on the back and the hearty "good boy!" This incentive was offered the Musketeers last Monday night in the smoker given by the people in token of their appreciation of the exceptionally good record made by the company under the most difficult circumstances in the Virginia field maneuvers.

The affair was most heartily appreciated by all present, not so much, we believe, because of the good things set before them, but because it was in the nature of a reward for merit. The Musketeers, about fifty strong, turned out in blue fatigue. Major Rains and Lieutenant N. Y. Allen were also present and in blue.

At about 9 o'clock Capt. Taylor called the assembly to order, and after a few remarks for the good of the order, and in explanation of the presence of so many good things to eat and drink, offered a toast "to the citizens of Marshall, whom we serve with pleasure."

This toast was drunk standing, and cheered to the echo. Mr. R. J. Medill was called on to respond, and did so in a few well chosen remarks, attesting the confidence of the people in its veteran military company, and in turn proposing a toast to the "Marshall Musketeers," which was also drunk standing. Major Rains was called to respond to this toast and did so in a most happy vein.

A toast to the "Blues" was responded to by Lieutenant W. Y. Allen, who said that he thought at first that the name referred to the color of the uniform to be worn, but that he had since come to the conclusion that it was intended to cover the state of their feelings after the "third battle of Bull Run."

The "Browns" was spoken to by Lieutenant Hockwald, who said he had learned how to fight at last; that it included talking, running, walking, flying, swimming; in fact, everything but eating and sleeping. He averred that was the hottest, rockiest and dustiest country in the world, and Bull Run the coldest stream extant.

Regimental Q. M. Sgt. Sledge was called on to respond to "Falstaff," but claimed that he had been so unversed in military literature lately that he had failed to look the matter up, consequently was in entire ignorance as to the significance and scope of the subject. Mr. John T. Mills arose to a point of order during this speech and suggested that Sgt. Sledge send for his "Bud," who might put him next.

The following impromptu toasts were most aptly spoken to: "Sir, hot, cold, brake (and break,) Q. M. Sgt. Tom Marshall; "The Art of Foraging Enroute," Cook F. C. Miller; "The Hospital," Fred Molhousen; "The Struggle," Harry Newman; "Capt. Stinson's Court Martial," Albert M. Terry; "Double Time," Corp. A. Martin. At 11 o'clock taps were blown, lights turned out and all repaired

BABY SHOW.

Marshall Pet Stock and Poultry Association—Premium Lists Growing.

The Marshall Pet Stock and Poultry Association held a meeting last Wednesday night at the court house and it was the most interesting meeting yet held by the association.

There was a very large attendance and the association soon got down to business. \$60 was added to the premium list, \$50 was put up by the association and \$10 by the business men. This list should be much larger and will be held open until next Saturday and no one need be afraid it will be too large, but remember the more premiums offered the more people will come here to compete for them.

We have orders now for our catalogue from Texas, Alabama, Georgia, Arkansas and Illinois, and they all want to see the premium list Marshall is going to send out, and if you have anything to offer, the association will gladly enter your name on the list if you will call at the Messenger office and enter your name on the list. Arcadia, La., last year offered \$83 50 in premiums to their poultry show. Shreveport merchants gave from \$1 to \$50 each to their show.

In addition to the Pet Stock and Poultry Show the association decided to give a baby show on Friday evening, November 18. All babies to be entered under the head of Pet Stock, and the association started the premium list with \$10, and all who want to swell this list have until Saturday night to do so.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy and specific for all blood troubles and an unequalled spring tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed being selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies and invigorates upon its use. To-day my blood is in fine condition and my general health is of the best. Am a strenuous worker and I was not in good physical condition. It would be impossible for me to fill the place. S. S. S. has been of great service to me. I do not hesitate to give it the credit it deserves. W. M. VAN DYKE, 815 Fifth St., Beaver Falls, Penn.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and time tones up the tired nerves having seen your medicine highly advertised I commenced its use. To-day my blood is in fine condition and my general health is of the best. Am a strenuous worker and I was not in good physical condition. It would be impossible for me to fill the place. S. S. S. has been of great service to me. I do not hesitate to give it the credit it deserves. W. M. VAN DYKE, 815 Fifth St., Beaver Falls, Penn.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Eczema, Psoriasis, Salt Rheum, Tetter, Acne, and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations, and soon restores the patient to health. If you need medical advice write us about your case, and your letter will receive prompt attention from our physicians, for which no charge is made.
